

Worksheet for reviewing bundles of human resources/health systems strategies to improve workforce performance

Each District Health Management Team presents the bundles of strategies to the other District Health Management Teams and research team members. Together they review the bundles against the selection criteria. For scoring, 1= poor and 3 = excellent

District presenting:

Broad objectives of bundles of strategies:

Criteria	Score (1-3)	Comments
Focused on improving health workforce performance in the district		
Measurable and observable effect on workforce performance within 12 – 18 months		
Implemented within available resources in the district		
Linked to district plan		
Linked to existing policies/strategies		
Based on the evidence accumulated in the situation analysis		
Bundles are logical
